About the Instructors:

Total Security International, LLC specializing in combat security training - “*The Israeli Way*” (Israeli Mindset). TSI takes a **proactive engagement approach with a single fighter doctrine**. TSI focuses on developing a **Total Security mindset, resulting in the development of greater confidence for participants when engaging in active incidents.**

Our team, all from the Israel's security establishment. All served in the Shabak, Israeli Security Agency also known as the “Shin Beit”, (equivalent to the FBI & the Secret Service) and the Israeli Defense Forces, IDF, Special Forces (equivalent to Navy Seals and Delta Force), with massive combat & anti-terror experience, and rich training experience of special units in the IDF and the Shabak. All of which makes us uniquely qualified to train and share our expertise at every security-threat level.

Training Overview:

DAY ONE of the training will be devoted to reviews of the fight against terrorism, from the Israeli point of view. Participants will learn how Israel identifies and responds to active shooter and terror incidents, engagements. Participants will learn proactive techniques on how to assess target venues. Participants will learn as well as how to gather intelligence, build a Field File and Security Plan, and identify threat causes (suspicious signs, indicators, and IED's). The 2nd part of day one will be carried out on the shooting range.

DAY TWO will be carried out on the shooting range where participants learn Israeli fighting methods. The training will include technical & operational shooting.

DAY THREE will be tactical exercises conducted in a school setting, where participants will apply the training they received the previous two days. This training day will emphasize entering combat in different situations.
